COALEMBARGO FOR NORWAY

(By Associated Press.)

LONDON, Jan. 4.—A Copenhagen dispatch to the Exchange Telegraph company says most of the Norwegian papers have attacked the British minister in Christiania in connection with England's embargo on coal. They declared the Norwegian reply had been hindered by the British representative, showing Norway was loyally maintaining export prohibitions regarding fish and other goods.

SMUGGLE MUNITIONS TO CARRANZA'S ARMY

(By Associated Press.)

NEW YORK, Jan. 4.—The arrest by federal officers of Juan T. Burns, consul general at New York for the de facto government in Mexico, disclosed an alleged conspiracy in which five Mexicans, including Burns, are charged with shipping arms into Mexico.

Last November a package shipped from New York on board the Ward line steamship Esperanza and manifested as "building material," fell on the dock at Vera Cruz and broke open, revealing cartridges as its contents. Investigation by federal agents disclosed that the box, shipped presumably by a Pittsburg hardware company, had been forwarded from this port by a firm known as the Adic company, composed of Louis Gotting and Wenceslao Mont. The manifest in which the box was entered in customs records was signed by John Geipel, who investigation proved to be Jose De La Paz, an employee of the firm.

Further investigation revealed, according to Mr. Knox, that other shipments of cartridges had been made from New York under the guise of various kinds of machinery. Some of these shipments, he said, were sent to Galveston, Texas, on board the steamer Neches of the Mallory line.

ONE CAR OF COAL FOR CONSUMERS

BROUGHT IN FROM GOLDFIELD TO BE DOLED OUT IN SMALL LOTS

The Wittenberg Warehouse company this morning received a single carload of coal from a Goldfield dealer and began filling orders in limited quantities. Not more than 500 pounds will be sold to any person and the company will try to fill as many 100 pound orders as can be disposed of at the rate of \$1 per hundred. This may seem an excessive rate, but when it is understood that the dealer had to pay special local rates to bring the car from Goldfield the reason for the advance is patent, as the actual cost of the coal delivered f. o. b. Tonopah was a little over \$17 per ton.

HEAD OF FAMILY AND INCOME TAX

LIABILITY OF MEN AND WOMEN DEFINED BY TREASURY DEPARTMENT

(By Associated Press.) WASHINGTON, Jan. 4.—Treasury department officials ruled today that \$4000 exemption from the income tax law granted to heads of families applies not only to married persons but to others maintaining dependents over whom they exercise "family control."

The original income tax named as beneficiaries of the \$4000 exemption married men living with their wives and married women living with their husbands. The act of last September, changing the rates of taxation, named "heads of families."

"For this purpose," reads the department's ruling, "a head of a family is held to be a person who actually supports and maintains one or more individuals who are closely connected with him by blood relationship, relationship by marriage, or by adoption, and whose right to exercise family control and provide for those dependent individuals is based upon some moral or legal obligation."

SUBMARINE PULLED OFF LONG BEACH MUD BANK

(By Associated Press.) LONG BEACH, Cal., Jan. 4.—The United States submarine L-4, recently launched, was pulled off the mud and silt where she had been fast for ten days, by a group of tug.

On the ground that the senate, as the only legislative body in the world having a voice in international relations, should move slowly and not take any action which might afterwards become of aid to one set of belligerents, Senator Lodge led the opposition to the resolution, in which he was supported by other Republicans, among them Senator Gallinger, the Republican leader, and Senator Borah.

Senator Lodge insisted that the Hitchcock resolution called upon the senate to endorse all of the president's note, which he contended goes far beyond any proportion merely to bring the belligerents together. It would project congress, he declared, into European politics, overturning a policy of years standing and by involving the United States in European politics necessarily would involve political interests of the eastern hemisphere with the interests of the western hemisphere in contravention of the spirit of the Monroe doctrine.

Because of widespread misinterpretation of the note, Senator Lodge declared, congress was venturing into danger. "It adopted the Hitchcock resolution. "If misinterpretation of the note is general," he said, "then we are in danger, without abatement or modification of the resolution stating to the whole world that the senate or congress are ranging themselves on the side of one belligerent in an attempt to bring about peace. "It will be observed that the president found it necessary to state that he was embarrassed in making the proposition as it would appear that he was influenced by the step taken by Germany but a short time previously.

"The president said his note was in no way associated with the German note. Unfortunately, a different interpretation has been placed upon the note, both abroad and here at home. Otherwise it could hardly be coming at the moment that it did. "If Mr. Lansing's statement, made a few hours after the president's note was sent and in which the dangerous position of the United States was pointed out, is true, no sounding out of the belligerents was necessary. "The next morning, however, a second explanation of the president's note was offered by Mr. Lansing. How far this second explanation went in explaining the purpose of the president's note I will have to leave to others more ingenious than myself to figure out."

Senator Lodge declared he believed that the Lansing statement had some purpose and declared if the purpose of the note was to inform the world that the United States had a direct interest that was bringing this country to the verge of war, then the note was justified in form and substance.

MANY SLAUGHTERED BY VILLA SOLDIERY

CHINESE AND SYRIANS KILLED WHEN VILLA TOOK TORREON

(By Associated Press.) LAREDO, Texas, Jan. 4.—Every Chinese and Syrian in Torreon was killed by Villa forces when they evacuated that city, according to advices received in usually well informed Mexican circles here. No details were given other than that the Villa troops quit Torreon after several hours' severe fighting with constitutionalist forces and that the loss of life on both sides was reported heavy.

STARTING FIRE BY MECHANICAL AID

CONTRIVANCE ALLEGED TO BE USED IN EASTERN MURDER TRIAL

(By Associated Press.) OSSIPEE, N. H., Jan. 4.—Mechanical contrivances for starting a fire at a stated time were described in the trial today of Frederick L. Small, charged with the murder of his wife, Florence A. Small. The state alleges that an arrangement of electric wires, spark plugs and gasoline were employed with a clock mechanism to cause the burning of the Small cottage to conceal the manner in which Mrs. Small was killed, and that the device was timed to start the fire some hours after Small had left the house.

UTAH SHEPHERDS TO ASK \$5 BOUNTY ON COYOTES

Woolgrowers of Utah will urge the coming session of the legislature to place a bounty of \$5 a head on coyotes and at the same time it is expected that the stockmen will urge the legislature to increase the special tax against live-stock to provide for the payment of bounties.

COMMANDER OF NEVADA GOES TO WAR COLLEGE

(By Associated Press.) WASHINGTON, Jan. 4.—Captain W. W. Sims, recently in command of the dreadnaught Nevada, will be president of the war college vice Rear Admiral Haight, who the president has designated to command the Atlantic fleet.

ONE MORE MOVE

(Continued from page one.)

In making the peace terms she desires.

On the ground that the senate, as the only legislative body in the world having a voice in international relations, should move slowly and not take any action which might afterwards become of aid to one set of belligerents, Senator Lodge led the opposition to the resolution, in which he was supported by other Republicans, among them Senator Gallinger, the Republican leader, and Senator Borah.

GENERAL OTIS FILES COMPLAINT AGAINST MAN IN MEXICO CITY

(By Associated Press.) MEXICO CITY, Jan. 4.—Francisco Beyro, an employee of the department of fomento, was arrested today as a result of a report to the government by Harrison Gray Otis of Los Angeles that he received an anonymous letter offering to sell the government's plans for confiscation of the lands of the Colorado River Live-stock company. Beyro claims he is innocent.

STEAMSHIP SAVED AFTER SEVEN YEARS

(By Associated Press.)

GUATEMALA CITY, Jan. 4.—The steamer Sesostris of the Komos Steamship company of Hamburg, which sank off this coast seven years ago, has been raised by the Skinner Syndicate of Seattle, Wash., and after the vessel has been repaired in the drydock at Panama, the derelict will be registered as an American vessel in the coastwise trade. She will be renamed Estrada Cabrera, in honor of the president of Guatemala. She has a net tonnage of 5025. The Philadelphia Breakwater company made attempts to raise the vessel many years ago, but the work was abandoned as hopeless and the Skinner syndicate was formed for the purpose, engaging the British Columbia Wrecking company for the work. It is estimated that after repairs have been made the recovered steamer will be worth nearly a million dollars.

AMUSEMENTS

BUTLER THEATER

"The Test," a play by Jules Eckert Goodman, author of "Mother," "Treasure Island" and other stage hits as produced by A. H. Woods, will be the attraction at the Butler this evening. Jane Grey, the star, is a fortunate choice. Her emotional qualities are extraordinary and her classic beauty screen more than ordinarily well. She has been starred in many motion pictures and plays, but has never done finer acting than in "The Test," a powerful story of American life with a great big throbbing theme. There is no chance of misunderstanding its message. It starts with a rush and continues through five reels, gathering momentum as it goes. The Moving picture World says: "The production will find favor with any audience." Many of the scenes are laid upon a millionaire's estate on Long Island. The locations are a delight to the eye. Pathe News will also be shown, containing, among other pictures, the Yale-Harvard annual football struggle with 80,000 pigskin fans in attendance.

Tomorrow, a Ford Weekly, a Christie comedy and Bertha Kalich in a Fox production, "Love and Hate."

A. & B. THEATER

Going to the Sierra Nevada mountains to picture the scenes and locations for filming the legend of Lost Lake, the producers of Bluebird photoplays have secured settings and rugged embellishments that make "The Girl of Lost Lake" a rarity among photographic delights. This feature will be exhibited at the A. & B. theater tonight, with Myrtle Gonzales, Fred Church and Val Paul prominent in a large company of players. "The Best of Enemies," a two-reel comedy, also will be shown. Tomorrow, Kolb and Dill in "Lonesome Town," and Hearst International Weekly, "See America First."

WOMEN'S RELIEF INSTALLS OFFICERS

The new officers of the Woman's Relief corps for the ensuing year were installed last evening. Mrs. Lenore Hanby officiating in conferring the honors. The officers are: Mrs. Tyra Thomas, president; Mrs. Ora Lovelock, senior vice president; Mrs. Carroll, junior vice president; Mrs. Mae Nutto, secretary; Mrs. Nora Davis, treasurer; Mrs. Elizabeth L. Timlin, chaplain; Mrs. Lenore Hanby, conductor; Mrs. Mary Van Patten, guide; Mrs. May Hayward, musician; Anna Collins, Florence Harrigan, Sadie Ferris and Helen O'Connell, color bearers. Refreshments were served and the new officers responded to the greetings of their associates.
